

October is National Disability Employment Awareness Month. In observance, Van Buren Job Opportunities took this great opportunity to recognize two outstanding businesses in the Mt. Pleasant community.

Pizza Hut and Insight Partnership Group were honored for having the vision to recognize the talent of a diverse workforce and to utilize supported employment services.

Van Buren Job Opportunities (VBJO) is a unique employment service that helps people assess, find, train for, and maintain employment in the community of their choice. VBJO serves Henry County as well as Jefferson, Lee, Van Buren and Wapello Counties. Together we are committed to providing equal opportunity for all people to contribute their talents in their community through work.
